

## A. 期刊論文

1. Sun, C.K., & Harmon-Jones, E. (under review). Supine body posture reduces cognitive conflict processing: evidence from N450 Stroop interference. *Psychophysiology*.
2. Hsueh, M.C., Stubbs, B., Lai, Y.J., Sun, C.K., & Chen, L.J. & Ku, P.W. (accepted). A dose response relationship between accelerometer assessed daily steps and depressive symptoms in older adults: a two-year cohort study. *Age and Ageing*.
3. Sun, C.K., & Harmon-Jones, E. (in preparation). The influence of body posture on social-cognitive conflict: considering the role of prejudice and stereotyping. *Psychophysiology*.
4. 孫繼光、周毓瑩、陳巧雲、洪蘭 (2008)。運用認知神經科學的方法探討性侵害犯處理煽情情緒時的神經機制。《刑事政策與犯罪研究論文集》，11，159-187。

## B. 研討會論文

### Overseas Conference Presentations (海外)

#### Paper Presentations

1. Sun C.K., and Harmon-Jones E. (April 2017). The influence of body posture on social cognitive conflict: an event-related potential study. Paper presented at the 44th Conference of the Australasian Society for Experimental Psychology, Newcastle, Australia.
2. Sun C.K., and Harmon-Jones E. (December 2014). The influence of body posture on cognitive conflict. Paper presented at the Social and Emotional Neuroscience Extravaganza, University of New South Wales, Australia.
3. Sun C.K., and Harmon-Jones E. (November 2014). The embodied conflict monitoring. Paper presented at the 7th Annual Sydney Psychology Postgraduate Conference, University of Sydney, Australia.

#### Poster Presentations

1. Sun C.K., and Harmon-Jones E. (May 2020). The influence of body posture on cognitive, social, and emotional conflict: event-related potential studies. The 13th Annual Meeting for the Social and Affective Neuroscience Society, Santa Barbara, United States. (Conference was canceled due to coronavirus.)
2. Sun C.K., and Harmon-Jones E. (November 2017). The influence of body posture on social cognitive conflict: an event-related potential study. The 27th Annual Meeting for the Australasian Society for Psychophysiology, Sydney, Australia.
3. Sun C.K., and Harmon-Jones E. (May 2015). The influence of body posture on cognitive conflict. The 27th Association for Psychological Science Annual Convention, New York,

United States.

4. Sun C.K., and Harmon-Jones E. (April 2015). The influence of body posture on cognitive conflict. The Annual Conference of the Society of Australasian Social Psychologists, Newcastle, Australia.
5. Chi-Kuang Sun, Yu-Ying Chou, and Eddie Harmon-Jones (November 2013). Following erotic stimuli, cognitive inhibitory responses are diminished in sex offenders but enhanced in healthy controls. The 23rd Annual Meeting of the Australasian Society for Psychophysiology, University of Wollongong, Australia.
6. Chi-Kuang Sun, Yu-Ying Chou, and Li-Fen Chen (October 2010). Neural correlates of implicit attitudes towards positive and negative emotions. The 2010 Annual Meeting for the Social and Affective Neuroscience Society, Chicago, United States.
7. Chi-Kuang Sun, Yu-Ying Chou, Chiao-Yun Chen, Ovid Tzeng, and Daisy L. Hung (April 2007). Neural correlates of emotion regulation in sex offenders and healthy controls: a Go/No-go task following affective picture processing. The 2007 Annual Meeting of Cognitive Neuroscience Society, New York, United States.
8. Yu-Ying Chou, Chi-Kuang Sun, Chiao-Yun Chen, Ovid Tzeng and Daisy L. Hung (April 2007). Different performance between sexual offenders and healthy controls during the emotional Stroop task: an ERP study. The 2007 Annual Meeting of Cognitive Neuroscience Society, New York, United States.

### Conference Presentations in Taiwan (台灣)

1. Chi-Kuang Sun & Yang-Ming Huang (October 2011). The influence of irrelevant emotional conflict from facial expression depends on task requirement. Paper presented at the 50th Annual Meeting of Taiwanese Psychological Association, Asia University, Taiwan.
2. Chi-Kuang Sun & Yang-Ming Huang (November 2010). Affective salience of spatial cues does not always capture attention more readily. Paper presented at the 49th Annual Meeting of Taiwanese Psychological Association, National Chung Cheng University, Taiwan.
3. Chi-Kuang Sun, Yu-Ying Chou, & Daisy L. Hung (October 2007). Neural correlates of emotion regulation in healthy controls and sex offenders: a Go/No-go task following affective picture processing. Paper presented at the 46th Annual Meeting of Taiwanese Psychological Association, National Cheng Kung University, Taiwan.
